

HOUSING AUTHORITY
OF SKAGIT COUNTY

Strategic Plan Overview

HASC Purpose

The Housing Authority of Skagit County helps improve the safety, security and stability of low-income individuals and families in Skagit and San Juan Counties by developing and maintaining affordable housing.

Vision 2028

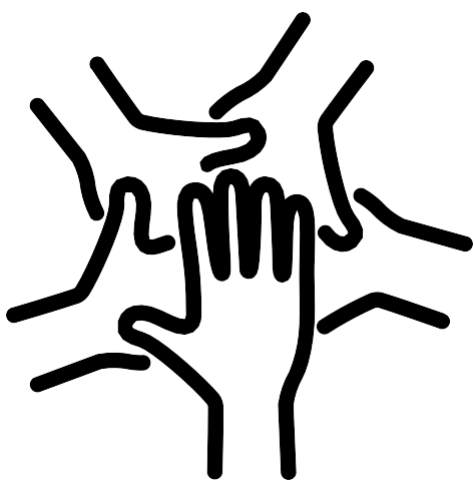

By 2028, the Housing Authority of Skagit County wants to support 357 Units of Housing and to have one new property in development.

We want our staff, board, and stakeholders to be aligned and supportive of our mission.

Our vision is that everyone will work collaboratively and that we will maximize our impact through having clear roles, clear communication and a webpage dashboard that highlights our organizational successes.

Our expectation is that our funding will also increase to meet the needs of our projects, our staff, and the families that we serve.
